### Basic Rules of the Game

- The “Tiny Tykes” is an instructional division. We want to teach the kids the 3 basic offensive positions. Center, QB and Running Back. Managers will teach the kids how to snap the ball to the QB and have the QB hand off the ball to the running back. Managers will have players rotate at each position.
- Managers will ref/monitor game play.
- Game play will be 5 on 5
- Field size will be 32 x 25 (half of the field)
- Offensive LOS will be at the black dotted line and will run towards the endzone (for the TD).
- Defensive LOS will be at BLACK DOTTED LINE
- **Each of the FIRST 5 players on offensive will run the ball once THEN THE offensive team switches over to defense. THERE WILL BE NO SUBBING OR ROTATING ON OFFENSE UNTIL THE 5 PLAYERS GET AN OPPORTUNITY TO RUN THE BALL. Defensive players can substitute at any time and as often as they like.**
- The defense shouldn't cross the line of scrimmage until the ball is handed off. Try to encourage that as much as possible.
- All kids will rotate and play all positions so that they all can be the QB, RB and Center at least once.
- Score will not be kept in this division.
- Games will last about an hour total
